Work Experience

MyClnq Health. *Front End Developer Intern*　　　　　　　*Bangalore* |**Dec 2023 — Till Date**

MyClnq Health is a digital platform offering unified solutions for doctor scheduling, medical transport, and caregiver matching. Committed to improving healthcare access and quality, we aim to redefine community healthcare through sustainability.

- Led the migration of MyClnq Health's website from JavaScript to React, enhancing UI/UX and achieving a **performance boost to 82%** - **Live**
- Developed and implemented React components for optimized user interaction and cross-device responsiveness.
- Utilized Bitbucket for efficient collaboration, version control, and code management.
- Managed project tasks and workflows using Jira Software, ensuring seamless coordination and timely delivery.
- Collaborated with backend developers and QA team for smooth React-backend integration, leading testing, debugging, and achieving optimal website performance. Conducted API analysis for ABDM integration in react website.
- Leading and mentored a team of four interns, fostering collaboration and facilitating skill development.

Cortex Consultancy　　　　　　　　　　　　　　*Chennai* |**Sept 2021 — Feb 2023**
